Product Designer with 10 years of experience in product design, UX research, and emerging technology. I take products from discovery to shipped interface (wireframes, user flows, high-fidelity UI, design systems and developer handoff) designing intuitive, meticulously researched, data-driven products, and bringing AI integration and automation into the process to reduce friction for users and teams alike.

EXPERIENCE

Product Design Lead · WSA

Sep 2023 – Present

- Designed wireframes, user flows, and high-fidelity UI for the Summit mobile app from early discovery through component handoff to developers.
- Co-founded Summit, an event and community app built for WSA, since spun out as an independent product now serving clients unrelated to WSA. 60% attendee adoption, continues getting engagement up to two months after events.
- Designed and developed localized country pages, simplifying access to rules, profiles, and application flows. Within 3 months of development, 19% of users were visiting these pages.
- Conducted user interviews and discovery cycles that informed app and website updates.

Product Designer · 5Mins

Sep 2022 – Sep 2023

- Designed gamification systems and social interaction features (user flows, interaction patterns and UI components) for a learning platform that increased 7-day retention by 18%.
- Migrated (Sketch to Figma) and maintained design system, overseeing implementation across content, design and engineering teams.

Growth Product Designer · SwissBorg

6-month contract · Mar 2022 – Sep 2022

- Designed and ran 15+ A/B experiments on the SwissBorg website, iterating on UI components, interaction patterns and conversion flows based on data insights.
- Created an ESG monitoring interface for cryptocurrencies, helping users make investments that were better aligned with their values.

UI & Digital Designer · Ria Money Transfer

Sep 2020 – Mar 2022

- Designed product illustrations and micro-animations for Ria's mobile app to guide users through key flows and improve interface comprehension.
- Unified brand guidelines and created a DAM system used across developer, designer, comms, marketing, and brick-and-mortar teams.

Creative Director · Service Club

6-month contract · Mar 2020 – Sep 2020

- Conducted UX research on couriers, identifying a key pain point (processing paperwork) that transformed Service Club value proposition, and demographic trends that reshaped targeting.
- Created courses on Service Club Academy that helped navigate Spanish work visas, helping turn the couriers' biggest blocker into the product's main acquisition channel.

Product Designer · Saturno Design

Sep 2016 – Aug 2019

- Created the interface for the Century 21 Web App, including interactive components like the mortgage calculator and real estate agent cards.
- Created 13 design packages including website, email, and proposal document templates establishing visual hierarchy, information architecture, and component standards for each. Clients included K&L Gates, Barclay Damon, and FordHarrison.

Product Strategy, Entrepreneurship & Venture Leadership *Sep 2013 – Present*

- Co-founded NomadsRelocation, automating visa workflows for digital nomads relocating to Spain.
- Conducted UX research for Hilti, analysing 4,000+ customer emails, 200 surveys and 20 in-depth interviews to trace churn among lower-income customers to cost-structure confusion rather than product quality; proposed a rent-vs-buy value calculator to address it.
- Designed and developed websites and brand identities for: colectivo.ie, gomde.eu, kremsegg-university.at (university website that includes an AI chatbot that allows the website to edit itself if prompted), memoria-colonial.org (University of Bristol education project), and mind-distillery.com.
